8.1 The Contractor shall purchase from and maintain in a company or companies lawfully authorized to do business in the State of Washington and reasonably acceptable to the Port, an occurrence-based Commercial General Liability Insurance policy, which shall provide bodily injury and property damage liability on the Contractor's operations under the Contract and for which the Contractor may be legally liable, whether such operations be by the Contractor or by subcontractors of any tier or by anyone directly or indirectly employed by any of them including owned, non-owned and hired vehicles, or by anyone for whose acts any of them may be liable.

8.2 The insurance will name the Port, its consultants and employees, and any required governmental agencies as additional named insureds by way of a policy endorsement for Work performed under this Contract and the policy shall be designated primary for both defense and indemnity. Such limits of liability insurance shall not be less than the following:

- c) As an alternate to subparagraphs a) and b) above, the Contractor may insure for \$1,000,000.00 Combined Single Limit protection for both bodily injury

and property damage liability per occurrence and \$2,000,000.00 general aggregate stop loss;

d) \$1,000,000.00 per accident for bodily injury liability including sickness, disease or destruction of property of others, including loss of use thereof arising out of the operation of automobiles; and;

e) \$1,000,000.00 for claims for damages insured by personal injury liability covered (included and defined in the Commercial General Liability Insurance Policy) which are sustained: (1) by a person as a result of an offense directly or indirectly related to employment of such person by the Contractor, or; (2) by another person.

8.3 In addition, the Contractor shall purchase and maintain insurance for claims under workers' compensation (industrial insurance), disability benefit, and other similar employee benefit acts in the State statutory amount, and Employer's Liability with coverage of at least \$250,000.00/\$500,000.00.

8.4 Coverages, whether written on an occurrence or claims-made basis, shall be maintained without interruption from the date of commencement of the Work until the date of final payment.

8.5 Before commencing Work, the Contractor shall furnish the Port with Certificates of Insurance as evidence of all insurance required by the Contract Documents. No Progress Payment will be due until all such Certificates are furnished. All policies and certificates must be signed copies. Furthermore, the policies of insurance required herein (except for Workers' Compensation Insurance) shall: (i) be written as a primary policy; (ii) expressly provide that such insurance may not be materially changed, amended or canceled with respect to Lessor except upon forty-five (45) days' prior written notice from the insurance company to Lessor; (iii) contain an express waiver of any right of subrogation by the insurance company against the Port and its elected officials, employees or agents; (iv) expressly provide that the defense and indemnification of the Port as an "additional insured" will not be effected by any act or omission by Contractor which might otherwise result in a forfeiture of said insurance; (v) contain a separation of insureds provision such that the policy applies separately to each insured that is subject of a claim or suit; (vi) not contain a cross-claim, cross-suit, or other exclusion that eliminates coverage by one insured against another; and (vii) provide for coverage for damage to the Port's property caused by the Contractor.

9. Change Orders:

9.1 The Port may, without invalidating the Contract, order in writing extra Work or make changes to the Work by altering, adding to, or deducting from the Work, and the Contract Sum and Contract Time shall be adjusted accordingly. All such Work shall be executed under the conditions hereof, and of the Contract Documents, except that any claims for extension of time caused thereby must be agreed upon at the time of ordering such change. Contractor shall make no claims for extras unless the same shall be agreed upon in writing by the Port and signed by the Port prior to the performance of any such extra

Work. No change order is valid and binding on the Port unless and until it has been signed by the Port. **NO ORAL INSTRUCTIONS AUTHORIZING A CHANGE IN THE WORK, ADJUSTMENT IN THE CONTRACT SUM, OR ADJUSTMENT IN THE CONTRACT TIME SHALL BE VALID OR BINDING ON THE PORT.**

9.2 In case of any dispute over adjustment of the Contract Sum or the Contract Time, Contractor shall proceed with the Work and deliver to the Port a Statement of Claim setting forth in detail the entitlement and quantum basis for Contractor's claim with supporting data within ten (10) days of the event giving rise to the Statement of Claim. Contractor waives all rights to an increase the Contract Price or extension of time if it fails to provide timely Statement of Claim as required in this Paragraph. The Port does not waive the requirement for timely written Statement of Claim, unless the Port's waiver is unequivocal, explicit, and in writing. The dispute shall be resolved in accordance with the procedures set forth in the Contract.

9.3 Contractor acknowledges that, unless expressly stated otherwise within a written change order, any change in the Contract Sum and/or Contract Time effected through a written change order shall constitute full accord and satisfaction for all costs incurred, labor performed, material and equipment furnished, and any delay, acceleration, or loss of efficiency associated with the change in the Work.

10. Liquidated Damages: The parties agree that time is of the essence of this Contract and that the Port will suffer financial loss if the Work is not completed within the Contract Time set forth above, plus any extensions allowed due to change orders. They also recognize the delays, expense, and difficulties involved in providing the actual loss suffered by the Port if the Work is not completed on time. Accordingly, instead of requiring any such proof, Port and Contractor agree that as liquidated damages for delay (but not as a penalty) Contractor shall pay the Port \$_____ for each calendar day that expires after the time set forth above for completion of the Work.

11. Non-Compliance:

11.1 If the Contractor fails to comply with the terms and conditions of this Contract, the Port will give the Contractor three (3) days' written notice to cure such default. If Contractor fails to correct said default after receipt of written notice from the Port to commence and continue correction of such default or neglect with diligence and promptness, the Port may terminate this Contract in writing and, thereafter, obtain another contractor to perform the Work. Any such costs incurred by the Port shall be charged against the Contractor.

11.2 In addition to the termination rights set forth in Paragraph 11.1, the Port may terminate the Work for its convenience at any time and for any reason or no reason at all. In the event the Port terminates the Contract for convenience, the Port shall give the Contractor written notice of its intent to terminate as soon as possible and, in any event, at least five (5) working days prior to the date of termination. Upon receipt of the Port's written notice of intent to terminate, the Contractor shall immediately begin taking such steps as are necessary to cancel material and equipment orders, and other subcontracts, in such manner as to minimize cancellation costs. After receipt of a notice of termination for convenience, the Contractor shall submit to the Port a request for costs associated

with the termination, which shall be prepared in accordance with the procedures in this Contract. In the event that the Port terminates the Contract for convenience, payment shall be made in accordance with the terms of this Contract for the actual Work performed.

11.3 In the event the Port terminates this Contract for cause but such determination is later determined by a court of law or other binding dispute resolution process that the termination was without cause, such termination shall be deemed a termination for convenience and Contractor shall be compensated as set forth in Paragraph 11.2.

12. Indemnification: To the fullest extent permitted by law, Contractor agrees to defend, indemnify, and hold harmless the Port and its officers, agents, and employees from and against claims, damages, losses and expenses, including but not limited to attorneys' fees and costs, consulting fees, expert fees, and expenses, arising out of or resulting from performance of the Work. Contractor's indemnity and defense obligations do not extend to liability resulting from the sole negligence of the Port and their agents. Contractor's duty to indemnify and defend the Port for liability for damages arising out of bodily injury to persons or damage to property caused by or resulting from the concurrent negligence of (a) the Port and their agents; and (b) Contractor or its agents, employees, and subcontractors and suppliers of any tier, shall apply only to the extent of the negligence of Contractor, its agents, employees, and subcontractors and suppliers of any tier.

FOR PURPOSES OF THE FOREGOING INDEMNIFICATION PROVISION, AND ONLY TO THE EXTENT OF CLAIMS AGAINST CONTRACTOR BY THE PORT UNDER SUCH INDEMNIFICATION PROVISION, CONTRACTOR SPECIFICALLY WAIVES ANY IMMUNITY IT MAY BE GRANTED UNDER THE WASHINGTON STATE INDUSTRIAL INSURANCE ACT, TITLE 51 RCW, THE UNITED STATES LONGSHORE AND HARBOR WORKERS COMPENSATION ACT, 33 USC §901-950, OR ANY OTHER SIMILAR WORKERS' COMPENSATION SCHEMES. THE INDEMNIFICATION OBLIGATION UNDER THIS CONTRACT SHALL NOT BE LIMITED IN ANY WAY BY ANY LIMITATION ON THE AMOUNT OR TYPE OF DAMAGES, COMPENSATION OR BENEFITS PAYABLE TO OR FOR ANY THIRD PARTY UNDER WORKERS' COMPENSATION ACTS, DISABILITY BENEFIT ACTS, OR OTHER EMPLOYEE BENEFIT ACTS. THE FOREGOING PROVISION WAS SPECIFICALLY NEGOTIATED AND AGREED UPON BY THE PARTIES HERETO

Contractor shall at all times be responsible for providing a safe jobsite and be responsible for the Work performance and safety of all employees, personnel, equipment and materials within Contractor's or its lower-tier subcontractor's care, custody or control. Contractor and its lower-tier subcontractors shall furnish all required safety equipment for its Work and ensure all of their employees and lower-tier subcontractors' employees have and wear personal protective equipment in compliance with applicable OSHA/WISHA requirements and Port's safety rules, as provided in writing to Contractor. Contractor shall promptly provide Port with written notice of any safety hazard(s) or violation(s) found on the jobsite. Contractor agrees to defend, indemnify and hold Port harmless from all WISHA and/or OSHA claims, demands, proceedings, violations, penalties, assessments, or fines that arise out of or relate to Contractor's or its subcontractors' failure to comply with any safety-related laws, ordinances, rules, regulations, orders or its obligations hereunder. Port may charge against the sums otherwise owing to Contractor the amount of the fine and/or fees, costs and expenses incurred by Port in the defense of the claim's citation and/or fine arising from or related to the Contractor's above-referenced failure.

All Work shall be carried on with due regard for the safety of the public, and Contractor shall maintain strict compliance with the appropriate provisions relating to control of traffic and pedestrians through work areas as set forth in the Manual on Uniform Traffic and Control Devices (current edition) as adopted by the Washington State Department of Highways. Should the Port determine Contractor is not fulfilling its obligation in this regard, the Port reserves the right to take such action as may be necessary, and to charge Contractor with any costs that may be incurred in such remedial action.

15. Permits. Unless specified otherwise in the Contract Documents, the Contractor shall obtain and pay for all required permits, including the General Building Permit and any associated plan check fees, etc. The Contractor is to provide and pay for any required plan development and engineering, etc. required to obtain the needed permits. 26. Neutral Authorship: Each of the provisions of this Contract has been reviewed and negotiated, and represents the combined work product of all parties hereto. No presumption or other rules of construction which would interpret the provisions of this Contract, in favor of or against the party preparing the same, shall be applicable in connection with the construction or interpretation of any of the provisions of this Contract.
